#### **Product features**

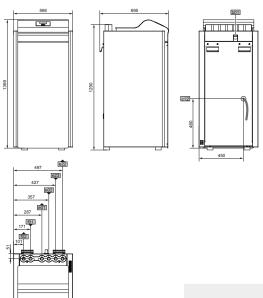

- ) Geothermal heat pump for hot water and heating
- ) Made in Germany
- Year-round optimal operation and maximum efficiency thanks to inverter technology
- ) High flow temperatures of up to 75 °C for energy-efficient heating and large amounts of mixed water
- > Future-proof and environmentally friendly refrigerant
- Optional integration into the home network and control via smartphone

### WPE-I H 230

Comfort moves into your home with the WPE-I H Premium inverter geothermal heat pumps. This device uses the heat from the ground for heating and hot water operation. The year-round constant heat output with high flow temperatures offers maximum living comfort regardless of the season.
